**Your returns were processed under our exclusive OneCheck® Select program. Here's how it works.**

We have eliminated the need for tracking numerous credits. Your credit will come from Return Solutions in a single check issued to your pharmacy. We process 80-85% of manufacturers under this program. The remaining 15-20% of credits will be issued by the manufacturer as a check or credit through your wholesaler.

- You pay nothing to Return Solutions up-front.
- You will receive your check from Return Solutions within the time-frame you selected: 10, 30, or 90 days.
- Your fee will be deducted from the check.
- The check will include an itemized list of what manufacturer credits are included.
- **Any fee due from manufacturers that issue credit directly will be deducted from the check.**

**Example of how the program works:**

- Service Date: 1/1/2026
- You elected to have your credit issued within 90 days, and the RSI fee is 10%. (used for demonstration purposes only)
- We process \$10,000 of product for you that is returnable for credit.
  - \$9,000 of this will come in a check directly from RSI.
  - \$1,000 of this will come from manufacturers who issue credit themselves - either as a check or credit through the wholesaler.
- We issue a check to you on 1/25/2026 for \$8,000. It is calculated as follows:

|                                                                       |         |
|-----------------------------------------------------------------------|---------|
| ◦ \$9,000 in credit issued by Return Solutions, less our fee of 10% = | \$8,100 |
| ◦ 10% fee for the \$1,000 credit issued by manufacturers directly =   | - \$100 |
|                                                                       | <hr/>   |
|                                                                       | \$8,000 |
- You are issued an additional credit of \$1,000 directly from manufacturers, bringing your total NET reimbursement to \$9,000.

| Manufacturer does not accept partials                                           | \$ | 62.87    |
| Product is too far past expiration date                                         | \$ | 70.75    |
| Total Value of Non-Returnable Products                                          | \$ | 2,181.25 |
| Total Value of All Products                                                     | \$ | 2,771.53 |

Base service rate: 13.4%. You elected to have your check issued within 30 days from the above date. These terms apply only to product which meets our Pedigree Policy standards. Those products which do not will be processed under our Pay-On-Receipt (POR) program. See below for more details. Fees will be deducted from payment made by Return Solutions to Customer.

**Total number of items processed: 84**

Returnable items: 75

Non-returnable pending further review: 34

Return Solutions (RSI) shall issue a check to Customer based on the program selected and within the time-frame stated above. Credit included in the check shall be for certain manufacturers that allow for the consolidation of pharmaceutical returns. In the event a manufacturer does not allow this process, such manufacturer may issue credit directly to Customer or through its wholesaler. In either of these events, RSI may deduct its fee for processing such returns from check issued to Customer by RSI.

Pedigree Policy: RSI shall not be liable for the value of, and cannot guarantee credit for products that were purchased outside of "normal pharmaceutical distribution channels". This includes products that were not purchased directly by Customer from a particular manufacturer or directly by Customer from an approved **primary** wholesaler/distributor of said manufacturer. This also includes products that were purchased outside of the United States, counterfeit items, and any product purchased by Customer on a non-returnable basis, including short-dated product purchased at a discounted price. Our complete Pedigree Policy is available at [www.drugreturns.com](http://www.drugreturns.com).

Products not meeting this Pedigree Policy standard, will be processed under our POR program. These returns shall be credited to customer only upon receipt of credit by RSI from manufacturer. Additional fees may apply to any return processed under this program.

## Manufacturer Credit Summary Report

### Credit Tracking Sheet

IMPORTANT - Most credit will come as a single check from Return Solutions. A few manufacturers choose to issue credit directly, so be certain to open all mail received over the next few months. RECORD THE AMOUNT OF YOUR CREDITS OR CHECKS ON THIS SHEET. Place all credit memos and check stubs in the RSI Folder. Check your monthly wholesaler statements for credits issued to your account.
